Personal Profile

I am a creative and flexible junior web developer with robust problem-solving skills and a high willingness to learn and teach new things. I gained many varied experiences in the past from previous jobs, which makes me very versatile.

Soft Skills

Creative, flexible, passionate to learn and try new things and to teach these to someone else, good problem-solving skills, able to work just as well alone as being part of a team, always willing to help colleagues, and team members, great communication skills, well organized and a high attention to details.

Professional Skills

Coding Languages:

HTML, CSS, Javascript, PHP, SQL, Python, YAML, RAML

Frameworks/Systems:

jQuery, Vue.js, Angular, React, React Native, Bootstrap, AJAX, NodeJS, Visual Studio Code, MySQL, PostgreSQL, XMAPP, Wordpress, Ionic, Anypoint Studio
